

2013: 225 Bikes and

more than 12,000 Toys

Now that we are getting close to the holiday season our supporters are inquiring about the annual Stuff the Hummers Toy Drive. As you know, last year we provided 225 bikes and over 12,000 toys to Tucson's children in need.

We would like to continue providing memorable holidays filled with magic and happiness to families within our community, however, due to family obligations our board is unable to plan the Stuff the Hummers Toy Drive. Although there will be no Stuff the Hummers Toy Drive we will still be collecting toys and accepting donations to help Tucson's homeless children. With your donations and generosity we will buy bikes, clothing and toys for children living in shelters.
